indoor or outdoor  
potted plants.

## mark's magic soil

The special  
ingredients in  
Mark's Magic Soil  
promote plant  
health and growth.

# What makes Mark's Magic Soil magical?

## ■ WHAT IS MARK'S MAGIC SOIL?

Mark's Magic Soil is a specially formulated growing soil. It is a mixture of local organic ingredients specially formulated to make your plants grow to their highest potential. Used by professional gardeners for 15 years it has been praised for its quality.

## ■ WHEN SHOULD I USE MARK'S MAGIC SOIL?

This ready-to-use premium potting mix is recommended for all your potted plants and hanging baskets indoors or outdoors. Mark's Magic Soil is formulated to be used at planting time for flowers, shrubs, trees and vegetables.

## ■ HOW DO I USE MARK'S MAGIC SOIL?

Mark's Magic Soil is ready to use as is, to repot your indoor and outdoor plants. Healthy plants need to be repotted in the next size pot or larger to continue best growth and vigor. One inch or more of soil under, around, and above the existing rootball is recommended. Mark's Magic Soil can be blended with other soil amendments such as Native Compost Soil Conditioner, MooDoo™ Dairy Cow Manure, Cotton Blossom Compost for ultimate growth and plant health.

- **For smaller landscape applications:** Marks' Magic Soil is available in a 3/4 cu.ft. bag.
- **For medium to large landscape applications:** Marks' Magic Soil is available in a 3 cu.ft. bag.
